 289-201-1833 |  sales@chopfoodequipment.com

Key Advantages

- **Mass Production Ready:** Up to 3,000 meatballs or 2,000 croquettes per hour
 - **Flexible Sizing:** Adjustable for cocktail, standard, or custom dimensions
 - **Dual Functionality:** Shapes and dispenses automatically to reduce manual labor
 - **Integrated Coating:** Supports all breadcrumb styles—panko, crocanti, traditional
 - **Electropolished Drum:** Handles all dough types, from traditional to artisan
-

Technical Specifications

Feature	Details
Machine Size (W x D x H)	85 cm x 60 cm x 77.5 cm
Filler Capacity	8 kg
Output per Hour	Croquettes: ~2,000 pcs (70–100 kg/h) Meatballs: ~3,000 pcs (100–130 kg/h)
Power Supply	220V / 50Hz, single-phase (North America adaptable)
Power Consumption	0.7 kW
Motor Power	0.33 HP
Construction Materials	Stainless Steel AISI 304 & 316, POM-C
Weight	65 kg

Business Benefits

- **Accelerate Production:** Easily scale output for growing demand
- **Ensure Uniformity:** Consistent shape and weight in every batch
- **Lower Labor Costs:** Reduces manual work and staffing needs
- **Compact Efficiency:** Fits into tight spaces without sacrificing output
- **Fast ROI:** High performance + reliability = quick return on investment

Ideal For

- Commercial Kitchens
- Frozen Food Manufacturers
- High Volume Caterers
- Institutional Food Service (schools, hospitals, etc.)

Why CHOP FOOD EQUIPMENT?

We're more than just machinery—we're your production partner. Backed by European engineering, the STAR PLUS machine is built for longevity and precision, giving you confidence in every batch. From ingredient handling to final shape, every detail has been engineered to streamline and strengthen your operation.

Ready to Roll?

Thousands of kitchens trust CHOP to deliver equipment that powers production, saves time, and scales quality. Add STAR PLUS to your lineup and discover what streamlined food manufacturing truly looks like.
